I'm a Frontend Web developer looking for a position that needs innovation, creation, dedication and enables me to continue to my work. During HackYourFuture bootcamp i gained strong competence within problem solving as well as a great deal of experience in working in a team. I am very social person and enjoy teamwork, but can easily work independent when needed.

HTML	CSS	Javascript	ReactJs	NodeJs	Git	Storybook
MySql	Photoshop	MONGODB	Umbraco
